First Owner
When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Fleet Vehicle
Vehicle was registered or sold to a company that manages vehicle fleets.

New Owner Reported
When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History
CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1994 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Safety Recalls

NHTSA Safety Recalls:

Important: The following recalls were issued for the 1995 BMW 540I by the National Highway Traffic and Safety Administration (NHTSA). To find out if a specific 1995 BMW 540I still has open recalls that require repair, CARFAX recommends contacting an **authorized dealership** for more information.

Recall date:	08-04-1998
Units potentially affected:	340,000
NHTSA campaign number:	98V178000
Defective part or component:	ENGINE COOLING SYSTEM
Description:	Vehicle Description: Passenger vehicles. A malfunction or failure of a coolant system component, such as a thermostat, water pump, or fan belt, can result in significantly increased coolant temperature and system pressure. If the indications of a critical overheating condition is not noticed by the driver, it is possible that damage to, or failure of, a coolant system component could occur. If a crack were to form or a seam were to separate in the heater core end piece, hot coolant could suddenly be expelled, increasing the risk of personal injury to a vehicle occupant. Dealers will install a new design radiator cap to control pressure and provide greater coolant overflow in the event of overheating.

This 1995 BMW 540I safety recall information was provided by the Insurance Institute for Highway Safety, Highway Data Loss Institute and is derived from the [National Highway Traffic and Safety Administration](#) list of safety recalls. Please call the National Highway Traffic and Safety Administration Auto Safety Hotline at 1-888-DASH-2-DOT (1-888-327-4236) to report safety defects or to obtain information on cars, trucks, child seats, and highway or traffic safety. New Car Test Drive Review

Category: **Review:**

Summary:

The station wagon with a sports sedan's soul

By Professional Test Driver, NewCarTestDrive.com

The 525i Touring is an excellent all-around package. It offers traditional BMW qualities such as understated luxury, very good handling, first-rate interior and exterior finish and sports-sedan character, with the versatility of a station wagon. We predict you will experience not one bit of buyer's remorse on the way home from the dealership. On the contrary, you'll probably be complimenting yourself on your astute choice in vehicles.

Overview:

No question about it, the darling of the '60s nuclear family - the station wagon - has made an almost startling recovery the past few years. Nearly relegated to the automotive ash heap during the '80s, the revived popularity of the venerable wagon has proved not every family with two parents, 2.5 kids and a dog wants a minivan. And station wagons can now be found from the bottom of the string (Honda Civic) to the top (Mercedes). In between, there are wagons from Saturn, Subaru, Toyota, Volvo, Buick, Ford and the subject of our test drive, BMW.

Specifically, it's the BMW 525i Touring, the station wagon for the family with some extra cash to spend, the desire for the driving fun of a sports sedan, and the need for the cargo/passenger versatility of a wagon. In short, it's for the family that doesn't want to drive a minivan and can afford not to.
